Introduction to Lebanon Valley College

Lebanon Valley College, a church related college of Liberal Arts and Sciences, enjoys the distinction and prestige resulting from ninety-five years of service to American youth and to Christian higher education. Classified as a small college, it enjoys a reputation for friendliness and courtesy. Placing strong emphasis on student-faculty contact, Lebanon Valley College is proud of the amount of individual attention devoted to each student. It strives to provide an opportunity for each student to develop his intellectual capacities and his whole personality. Its curriculum, designed to provide a basic foundation of liberal education, also offers professional specialization in areas in which staff and facilities are available.

The college motto, taken from John 8:32, "And Ye shall know the truth, and the truth shall make you free," has provided a continuous challenge to each succeeding generation of students.

Objectives

The educational objectives of Lebanon Valley College are as follows:

1. To provide an opportunity for qualified young people to procure a liberal education and to develop their total personalities under Christian influences.
2. To help provide the Church with capable and enlightened leaders, both clerical and lay.
3. To foster Christian ideals and to encourage faithfulness to the Church of the student's choice.
4. To help train well-informed, intelligent, and responsible citizens, qualified for leadership in community, state, and nation.
5. To provide pre-professional students with the broad preliminary training recommended by professional schools and professional associations.
6. To provide, in an atmosphere of liberal culture, partial or complete training for certain professions and vocations.
7. To provide opportunity for gifted students to pursue independent study for the purpose of developing their intellectual powers to the maximum.

Accreditation

Lebanon Valley College is accredited by the Middle States Association of Colleges and Secondary Schools, and by the Department of Public Instruction of Pennsylvania. It is a member of the Association of American Colleges and of the American Council on Education, and is on the approved list of the Regents of the University of the State of New York and the American Association of University Women.

Lebanon Valley College, is a member of, and accredited by, the National Association of Schools of Music.

The Department of Chemistry is approved by the American Chemical Society.

Administrative Regulations

Health Services

Physical Examinations

Each student is required to submit to the College Health Services a medical report of physical examination by his own physician before entering the College and each year before returning to campus. An official form is provided by the College with the regular mailing on August 1. Pertinent information about such matters as physical reserve, unusual medical episodes, severe allergies, or psychiatric disturbances will have special value.

New students are required to return the completed medical report form to the Student Personnel Office at least two weeks before the opening of the term. Returning students are required to return completed medical forms on or before the day of registration.

Follow-up examinations will be made by the College Physician if recommended on the report form submitted by the family physician and/or where the medical history of the student indicates need.

Expenses

Lebanon Valley College is a non-profit institution. The tuition, fees, and other expenses paid by the students cover less than seventy-five percent of the college's instructional and operational costs. Financial Aid

Lebanon Valley College gives financial assistance to deserving students in so far as its scholarship and aid funds permit. In the assignment of scholarships and grants-in-aid, and in the granting of loans and other forms of assistance the scholarship record, personal character, general cooperation, and need of the individual are considered.

Scholarships do not apply to accounts for extra semester hours taken. In general, scholarships are not applicable to extension school or evening school charges. No scholarship or rebate is granted for less than a semester.

Students in need of financial assistance may apply for such aid before or after they have been notified of their admission to the college. Application for aid should be made in writing to the Chairman of the Student Aid Committee. This is to be supplemented by information submitted through the College Scholarship Service, Box 176, Princeton, New Jersey, on forms available at the office of the applicant's high school principal.

Scholarships may be granted for periods of from one to four academic years. Grants-in-aid and loans are made for a maximum period of one academic year, but students may reapply. Financial aid for returning students is dependent upon satisfactory scholarship for the preceding semester.

All scholarships and grants-in-aid awarded for a specific school year are payable in two equal installments, one in each semester. Work aids are paid by check upon certification that the work is completed.

Competitive Scholarships

Competitive scholarship examinations are conducted at the college each year. Any high school senior in the upper-third of his class who meets the admission requirements of the college is eligible to participate. Information and applications may be procured by writing to the Director of Admissions.

Recipients of competitive scholarships are required to complete their undergraduate work at Lebanon Valley College or refund the used portion of the grant to the college.

Scholarships won in the Competitive Examinations, or granted for high scholastic standing, can be retained only if the student maintains a grade point average of 2.5 or better.

The Kift-Mullen Memorial Foundation Scholarships

The Kift-Mullen Memorial Foundation Scholarships are available to college students and seniors who are graduates of Allentown High School and who are preparing to become teachers in the public or parochial schools. Awards in the amount of \$200.00 are made by July 1 of each school year.

Remissions

Resident students preparing for the ministry of the Evangelical United Brethren Church are entitled to an annual reduction of \$425.00. Non-resident students preparing for the ministry of the Evangelical United Brethren Church are entitled to an annual reduction of \$250.00.

Children of ministers of the Evangelical United Brethren Church residing in the residence halls are entitled to an annual reduction of \$200.00; non-resident students are entitled to a reduction of \$125.00.

Grants-In-Aid

Grants-in-aid are defined as credit on tuition allowed students and come directly from college operating income instead of from special gifts or restricted endowment funds.

Financial assistance is available in the form of waiterships, janitorships, laboratory aids, clerical aids, work in the library, and other forms of work assignments. These are granted to deserving students on the basis of the needs of the college.
